

**The Guigong Palace in the Han Capital City
Chang'an
Volume for Archaeological Investigation**

TABLE of CONTENTS

Preface	1
Chapter I Preliminary Excavations and Boring Survey in the Guigong Palace	4
1. Investigations of the Palace Walls and Gates	4
1) Investigations of the palace walls	4
2) Investigations of the palace gates	9
2. Investigations of the Palace Passages	14
1) Boring survey	14
2) Preliminary excavations	14
3. Investigations of the Palace Buildings	18
1) Investigations at architecture complex No. 1 in the Guigong palace	18
2) Investigations at architecture complex No. 5 in the Guigong palace	26
3) Investigations at architecture complex No. 6 in the Guigong palace	31
4) Investigations at architecture complex No. 7 in the Guigong palace	34
Chapter II Archaeological Excavation at Architecture Complex No. 2 in the Guigong Palace	37
1. Archaeological Features at the Southern Courtyard	40
1) Stratigraphy	40
2) Earthen walls	40
3) Central building	44
4) Associate buildings	54
5) The compound No. 3 and the associate building F4	62
6) The compound No. 1 and No. 2	65
7) Features in the northeast part of the southern courtyard	69
8) Water supply and drainage system	70
2. Archaeological Features at the Northern Courtyard	73
1) Stratigraphy	73
2) Central building	73

3) Associate buildings	82
4) The compounds No. 1, No. 2 and No. 3	91
5) Features in the south part of the northern courtyard	95
6) The garden compound	97
7) Drainage system	98
3. Unearthed Artifacts	99
1) Roof tiles and bricks	99
2) Ceramics and earthen wares	114
3) Green stone objects and stone implements	117
4) Iron implements	117
5) Bronze implements	120
6) Bronze coins	121
4. Date and Characteristics of Architectural Complex No. 2	123

Chapter III Archaeological Excavation at Architecture Complex No. 3 in the Guigong Palace	124
1. Archaeological Features	124
1) Stratigraphy	124
2) Southern large building	126
3) Northern large building	126
4) Earthen partition walls	127
5) Chambers	129
2. Unearthed Artifacts	137
1) Roof tiles and bricks	137
2) Ceramics and earthen wares	142
3) Stone implements	143
4) Iron implements	144
5) Bronze implements	145
6) Bronze coins	145
3. Date and Characteristics of Architectural Complex No. 3	147
4. Culverts in the Lower Layer	148
1) Stratigraphy	148
2) Archaeological features	148
3) Unearthed artifacts	151
4) Date and characteristics of culverts	153

Chapter IV Archaeological Excavation at Architecture Complex No. 4 in the Guigong Palace	154
1. Archaeological Features	155
1) Stratigraphy	155
2) Passages	155
3) Western large building	155
4) Eastern large building	162
2. Unearthed Artifacts	175
1) Roof tiles and bricks	175
2) Ceramics and earthen wares	182
3) Green stone objects and stone implements	182
4) Iron implements	183
5) Bronze implements	184
6) Bronze coins	185
3. Date and Characteristics of Architectural Complex No. 4	188
Conclusion	189
1. Date of the Guigong Palace in Perspective of Unearthed Roof Tiles	189
2. Standard of Empress Palace in the Guigong Palace	190
3. Characteristics of Empress Palace in the Han Dynasty	190
4. Standard of the Han Dynasty's Imperial Palace in the Guigong Palace	192
Appendices	194
1. Identification of Faunal Remains	194
2. Plant Opal Analysis	197
3. Pollen Analysis on the Samples from the Culverts in the Lower Layer	200
4. Analysis of Carbonized Timbers	206
5. Soil Analysis on the Samples from Walls	209
Tables	215
Table of Contents (in English)	243
Color Plates
